Canadian Breast Cancer Foundation – Prairies/NWT Region says Farewell to
Edmonton CTV News anchor Carrie Doll

(March 28, 2014) Today marks the last day long-time CTV Edmonton anchor Carrie Doll sits behind the Evening News
desk bringing us up to date on all the latest happenings around the community, province and country.

During her time at CTV, Carrie has shown incredible support to the Canadian Breast Cancer Foundation –
Prairies/NWT Region and the breast cancer cause. Carrie has really adopted our vision of creating a future without
breast cancer as her own, and we are truly grateful for all she has done for us and those touched by breast cancer
over the years.

Along with her CTV co-workers, Carrie has been involved in the Canadian Breast Cancer Foundation CIBC Run for the
Cure for many, many years. Not only has she emceed the Edmonton event, but she created her own team – Team
Carrie – where she was joined by many friends, families and loyal CTV viewers over the years. Team Carrie not only
helped raise vital funds - which go towards breast cancer research, education and awareness programs – but they
helped raise awareness about important breast health factors such as risks and risk reduction and importance of early
detection.

Further to Carrie’s support of the CIBC Run for the Cure, the always gracious host has been actively involved with the
Region’s annual Mother’s Day Luncheon. For more than a decade Carrie has emceed this much-loved event and has
become a fixture in what is now a tradition to many of the attendees. Being a mother herself, Carrie has brought such
a wonderful, heart-warming perspective to the Mother’s Day Luncheon – a perspective that changed with her own
experiences through motherhood.

We are very honoured and excited that Carrie will be joining us as our guest of honour for this year’s Mother’s Day
Luncheon, which takes place on Saturday, May 10th at the Fairmont Hotel MacDonald. Many of us at the Foundation
and returning guests will very much enjoy this intimate farewell with this true community champion.

Carrie – you have done so much for the Foundation, the breast cancer cause and the community. Your grace and
professionalism has always been admirable and is something we all will carry with us throughout our lives. The impact
you’ve help make on breast cancer research, education and awareness programs has been significant and we thank
you for helping make all of our future’s a brighter place. We wish you the best of luck in your future endeavours.

Sincerely,

The entire Canadian Breast Cancer Foundation – Prairies/NWT Region team
